5-Year Warranty

Hand-built in Webster, NY

ASHLY
# WR-2

4-Position Preset/Recall Decora Wall Remote

Control your system from any location with our remote controls. These devices fit in standard wall boxes and use low gauge wire for hook-up. The **WR-2** remote has a 4-position lock-out push button switch for preset recall. The preset recall switch selects presets 1-4 on the host unit. The **WR-2e** is the European wall box version.

WR-2 Features:

- Instant real-time remote preset recall
- Visual indication verifies changes
- Connects directly to host unit
- No network or power supply required
- Window for user-defined labels
- Shipping weight: 1lbs (1kg)
- Safety/compliance: CE, FCC, RoHS

Compatible Ashly Products include:

- nXe and nXp amplifiers
- Pema amplifiers
- NE multi-channel amplifiers
- ne24.24M matrix processor

WR-2 *US Version*

WR-2e *European Version*
