Show your passion for sport

Bodet is a French family company founded in 1868.

It has earned a reputation for its expertise in time management, building on its primary activity of tower clock restoration as Bodet Campanaire.

Over the years, the company has expanded its time precision know-how to apply it to sports scoreboards, industrial clocks and audio systems, as well as time and attendance management.

Bodet Sport draws on the strength of its subsidiary Time & Sport, which has some 180 employees in Trémentines (France), including a design office of 40 people and an integrated production site.

Today, Bodet Sport offers 4 different product ranges to meet the needs of all sports facilities. Scoreboards of all sizes for all sports and competitions, video screens and cubes to display scores, make games more dynamic and display advertising messages, software solutions to control screens, and touch screen keyboards for easy score management.

Bodet Sport meets the needs of all facilities, from arenas to small sports halls, and offers solutions that comply with international regulations

Our expertise puts us in pole position

The international leader in time measurement and management.

As exportation generates a substantial part of the BODET group's turnover, it aims to continue its international expansion.

Today, Bodet Sport is the number one provider of scoring solutions.

» TEAMING UP WITH PARTNERS

Bodet scoreboards have been FIBA certified since 1999. Our R&D team is working closely with sports federations such as FIBA in order to design scoreboards which meet the highest standards of security, quality and technology. Our expertise allow us to be an active player in basketball official competitions worldwide.

To be approved, our products regularly undergo mechanical and functional tests in accredited laboratories to guarantee compliance with the regulations of sports federations.

» WELL ADVISED, WELL TAKEN CARE OF

With a technical and commercial presence worldwide, you benefit from a quick response. To assist you on a daily basis, Bodet offers technical support to answer your questions in a timely manner.

» THE NEED FOR QUALITY

To ensure the highest level of quality, Bodet keeps investing in its production and development tools. The company is ISO 9001 certified in all its activities and the production site is ISO 14001 certified.

Bodet indoor and outdoor equipment have a 2-year warranty and all LED components have a minimum lifespan of 10 years.

» SUSTAINABLE DEVELOPMENT

Our sustainable approach is certified by EcoVadis, the global leader in CSR performance evaluation and responsible purchasing.

In line with this approach, the Bodet Group participates in the UN Global Compact, the world's corporate sustainability initiative and share its principles in the areas of human rights, labour, environment and anticorruption.

SCOREBOARDS TESTED AGAINST BALL IMPACTS

The scoreboards have been tested by an independent laboratory in accordance with the DIN standard for ball impact resistance.

They were tested with various protocols depending on the sport (types of ball, shot speed, etc.). For example, the test dedicated to the handball scoreboard involved up to 54 shots, up to 84 km/h speed at a distance of 4 meters. The DIN standard meets the requirements of sports federations.
